Annual picnic

WOW change noted

Woodmen of the World Camp 71 and Grove 6073 have announced a change in a policy regulating their annual picnic.

Because of exceptionally large turnouts in recent years, the organizations have decided to combine their annual picnic and Christmas banquet, as the W.O.W. facility is not large enough to accomodate the crowds which have attended.

The annual picnic this year will be held Saturday, Aug. 27. The W.O.W. "Family Outing," as it is being referred to this year, will be held at Holiday Lake 4-H Educational Center.

Activities and games including volleyball, horse-shoe pitching, ping pong, basketball, swimming in the new pool, kiddie rides, live entertainment, and plenty of green grass and shade for relaxing will be available for the family's enjoyment.

Richard Conner is winner

Richard Conner, a member of the Appomattox County High School FFA chapter, has been named area winner of the FFA award for turf and landscape management. Richard, 18, is the son of Mr. and Mrs. Thomas E. Conner, Appomattox, VA.

The proficiency award for turf and landscape management is a special project of the National FFA Foundation sponsored by O. M. Scott and Sons Company.

Richard has gained many significant skills and competencies through his supervised occupational experience program in turf and landscape management. His accomplishments will be considered along with those of four other area winners in determining the state winner. Presentation of the state award will be a program feature of the 1983 State FFA Convention in Blacksburg, June 14-17.

Letterman takes first place

Mark Letterman of the Appomattox FFA Chapter took first place in the 5th Annual Southside Area FFA Small Engines Troubleshooting Contest at the Appomattox County High School, May 10. John Karnes, Liberty High School, Hedford, was runner-up.

Third place went to John Meade, Prince Edward. Douglas Compton, Halifax Senior; Brian Snyder, Amelia/Nottoway; and Tim Thompson, Gretna Junior finished fourth, fifth, and sixth respectively.

Small engine troubleshooting is a FFA activity designed to increase the proficiency of students in diagnosing and correcting small engine malfunctions. The contestants are required to adjust and repair small engines which judges have intentionally put out of adjustment and inserted defects.

Letterman will represent Southside Virginia in the state contest at the State Fair in September. Local arrangements were made by **Jesse Morgan, Albert Carter and Bobby Waddell, instructors of agricultural education in the Appomattox County High School.**

Garden Club says thanks

Editor:

The Appomattox Garden Club wishes to thank all of those who contributed newspapers to our 1983 paper drive. We appreciate the cooperation of the **Times-Virginian** and station WTTX in publicizing this annual effort.

We are grateful to Mr. James Ford and "Locust Grove Farm" for the use of their truck.

A record 7,300 pounds of paper was salvaged, conserving nearly 300 trees which would otherwise have been cut.

Sincerely,
Margaret L. Dudley
Chairman, Conservation Committee
